

UNITED Globe Club

The premier United Globe Club Lounge includes two exclusive lounges that are identical in layout. The East Club overlooks the Denver skyline through 40' windows while the West Club overlooks the landscape of Empower Field at Mile High. These contemporary spaces are designed with light woods, brushed steel accents and gleaming floor-to-ceiling windows. Inside each club, you'll discover 21,000 square feet of beautiful space to accommodate events both large and small. The club lounge is designed with two alcoves; the smaller one is ideal for breakout sessions, exhibits, auctions, and the larger area is perfect for presentations and catered events. Each club is equipped with multiple LED Screens, including multiple in-house channels along with an array of presentation applications, perfect for daytime meetings or a presentation during dinner.

Additionally, there are 4,000 seats directly outside of the club, allowing guests to step outside and enjoy the breathtaking views, perfect for additional entertainment options including a photo station or a cigar lounge. The added jewel of the United Club Lounge is the stunning fireside lounge, providing the ultimate backdrop to kick-off an event before enjoying dinner and is considered the ideal spot for post dinner entertainment. With three custom bars and a collection of high and low cabaret tables, the club is great for receptions ranging from 250 – 2,000 guests. For a seated dinner, the event space accommodates up to 300-400 guests seated in rounds sightline to the LED screen for presentation.
